The Blue Coat School Basingstoke - Uniform Policy

Our uniform policy which contains our expectations of all elements of personal presentation, including hair and make-up, has been constructed in consultation with students, parents and staff.

It is school policy that all students wear the correct uniform when attending school, as well as for some school organised events.

The uniform policy should be read alongside the published school behaviour policy.

Aims

We place importance and value on our school uniform, both as a mark of pride in the school as well as a positive identification with the school community. In addition, a clear uniform policy can avoid conflict at home about what to wear. Experience demonstrates that when students are smartly presented, this will positively influence their attitude in school, setting the tone for learning and progress.

Therefore, through our uniform policy we aim to:

- Encourage pride in the school and support high quality teaching and learning
- Enable students to be comfortable, safe and secure
- Clearly identify students inside and outside the school
- Ensure that no student feels excluded because of different social, religious and ethnic backgrounds
- Encourage a sense of equality and cohesion, as well as esprit de corps
- Protect students from social pressures to dress in a particular way
- Promote a sense of cohesion and belonging within the school community

Expectations

All students are expected to wear the correct school uniform at all times during the school day. This includes to and from school, as well as during some school organised events. We expect all students to wear the uniform with pride and to conduct themselves appropriately when representing the school. This also applies when students are off-site and in the school community (e.g. before and after school hours).

We expect all students, supported by their parents/carers, to take personal responsibility for the presentation of their uniform and to ensure their uniform is worn correctly and consistently.

Parents should contact their child's tutor if there are any personal circumstances affecting their child wearing the correct uniform, in order to make a swift resolution. If a note is provided, we would expect parents to notify the school of the date that their child will be expected to be back in full uniform. We would expect all uniform issues to be resolved by the following school week. If parents are unable to make the necessary changes (e.g. purchase a new item of school uniform) within the acceptable time frame, parents should contact their child's Head of Year to express this concern. If parents are unable to afford new items of uniform within the acceptable time frame, the school may agree to pay for these on the proviso that the school will be reimbursed by the

parents when they are able to do so – in such circumstances a suitable re-payment plan would be agreed.

Supplies / Cost of Uniform

We want to ensure that the cost of uniform does not deter any family from applying for a school place for their child, nor leads to them feeling socially excluded or unable to afford parts of the uniform. The uniform is reviewed regularly to ensure that good quality clothing is provided at an affordable price which best suits the needs of all students. If there are any changes to the supplier of school uniform, parents and guardians will be notified in due course and with sufficient time to reasonably implement any changes.

Application of the Uniform Policy

It is the responsibility of parents to ensure that their child attends school wearing correct uniform. Although all staff have a responsibility for monitoring that students are correctly dressed in class and elsewhere on the school site, the main responsibility will lie with the tutor. Appendix A, B and C detail the school's expectations for uniform items and appearance.

Students not conforming to the School Uniform Policy

A student wearing non-uniform clothing can expect to be challenged in school. Parents are expected to provide a note explaining incorrect uniform on the day (or in advance of the day) that the infringement occurs. If a note (or other similar contact) is received from parents/guardians, a temporary uniform permit may be issued for a maximum duration of 1 school week. The school reserves the right to sanction students who repeatedly provide retrospective notes to explain incorrect uniform.

If a student fails to comply with the expectations of the uniform policy is likely that the matter will be managed in the following way:

- Incorrect uniform without note (e.g. no tie, trainers, wrong coloured socks) are *likely* to be issued with an immediate After School Reflection (please refer to the school's behaviour policy for details of After School Reflections).
- Hoodies – a student will be asked and expected to remove the hoodie. The member of staff will confiscate the hoodie and place in reception, where it will be returned to the student at the end of the school day. However, staff are within their rights to withhold the item of clothing and return it only to a parent (as per the mobile phone rule) if the student *repeatedly wears the hoodie to school*.
- Fake nails – students will be asked to remove and shorten within a set time outside of school time. Failure to remove/shorten the nails in a timely manner *may* lead to a removal from timetabled lessons with their Tutor/HOY/SLT link until the issue is resolved. School sanctions *may* also be applied if students repeatedly wear fake nails to school.
- Jeans/skin-tight trousers/leggings/excessively short skirts – students will not be allowed to attend lessons when wearing such items. Parents will be contacted immediately and asked to bring appropriate school trousers/skirt to the school for the student to wear. Students will not return to normal lessons until appropriate trousers / skirt have been provided.

Jewellery – students will be asked to remove the item, which in some cases may result in these items being confiscated. The school reserves the right to return confiscated items to parents only, and not students. In addition, students and parents should be aware that

jewellery is brought to school at the students' own risk. The school takes no responsibility for any item of jewellery that contravenes the school's uniform policy and is subsequently lost on school site.

- Failure to attend PE lessons without the required uniform/kit will lead to the behaviour escalation process to be implemented.

Students who repeatedly fail to wear their school uniform appropriately, without a valid reason may be placed on a uniform report. This is with an aim to support and monitor correct uniform expectations. Students will be sanctioned for repeated failure to adhere to the uniform expectations. Whilst on report, the student will be assessed on:

- Ensuring their shirt is tucked in
- Ensuring their top button is done up (where applicable)
- Ensuring their tie is a reasonable length
- Ensuring skirts are not rolled up.
- Ensuring trousers are worn appropriately
- Ensuring socks are the correct colour
- Ensuring make up is not excessive and is in line with the make-up allowances suggested in the appendices below
- Ensuring jewellery, other than that detailed in the appendices below, is not worn in school.

From September 2025, all new Year 7 students will be expected to wear the New TBCS Stripe tie and a TBCS Blazer.

Students in Years 8-11 (September 2025) can continue wearing the TBCS sweatshirt and TBCS Teal tie as expected.

All students in year 8-11 have the choice to purchase and wear the new TBCS Stripe tie and Blazer from September 2025.

Subject to the final appeal process, the Headteacher is normally the final arbiter in all matters of uniform and dress.

The Blue Coat School may make mid-year changes as appropriate and with sufficient notice to parents/carers.
